

ROUTE OF SHAME 3 JUNE 2016
Walk for Social Justice

ROUTE OF SHAME

DEPARTURE

13:15 Place des Nations
Geneva

Join PSI and global trade unionists in a walk for social justice. Around the world, populist politicians are raising the flag of racism and xenophobia to hide the fact that they represent the interests of the few, not the many. Austerity policies, secret tax deals, corruption and deregulation of the labour market support an economic model in pursuit of ever more profit for a very small minority. The migration and refugee crisis is leading to critical situations due to a lack of investment in public services that have already been underfunded and privatized for the last decades. We call for global solidarity with refugees and the respect of their human rights.

We call for the protection of labour and trade union rights! We call for the right to strike for all workers!

Hope has no borders!
